

Tomorrow another Brt

Bart Schoofs

Tomorrow another Brt is a collection one-page comic strips that previously appeared in the popular weekly Flemish magazine Knack. Schoofs takes a closer look at societal trends, problems and other phenomena. He works them out into a hypothetical reality that may or may not be more desirable than ours. In de words of Knack's editor-in-chief: 'he paints our shortcomings and celebrates the joke of existence'.

Bart Schoofs (Brussel, 1969) is a comic-artist, cartoonist, scenarist, musician, husband, father, cyclist, and full-time grump. His work has been published in, among other things, *De Standaard*, *De Tijd*, *Volt*, *Yeti*, and *Knack*.
